

## SCENE SHIFTS FROM CAPITAL TO COUNTRY.

Detectives and Officers Working on Goebel Shooting Leave for Different Points.

## ALL SORTS OF REPORTS

Are Current as to Whom They are After—Governor Taylor Attends His Sister's Funeral.

FRANKFORT, Ky., March 29.—The scene of action in hunting down the persons suspected of complicity in the assassination of Goebel has shifted to other points in the state, temporarily, at least. All of the detectives and others who have been working on the case, have gone, leaving affairs here to be looked after by the local officers. The arrest of "Tallow" Dick Combs, the negro at Beattyville, on an old capias from the clerk of the circuit court, it is understood, may be followed by a warrant, charging him with complicity in the Goebel murder. The arrest on the old capias was for the purpose of preventing him from getting away in case he is wanted.

Since the detectives left last night, there have been all sorts of reports as to whom they are after.

Governor Taylor has gone to his old home to attend the funeral of his sister, and the other Republican state officers, with the exception of secretary of state Powers, are at their homes, leaving the state building in charge of deputies and clerks. Governor Beckham and all the Democratic state officers are at their offices in the Capitol hotel.

CINCINNATI, O., March 29.—Colonel T. C. Campbell, in an interview here today, denied the story that Goebel was shot by the same feudist who is supposed to have killed Tom Baker, in Clay county, Kentucky.

### Feeling Still Runs High.

NEWPORT, Ky., March 29.—It developed to-night, that there have been conferences here this week over some of the warrants that are being sworn out at Frankfort for persons in different parts of the state. Hon. John Burke, Republican state superintendent of public instruction, has been here at his home most of the week. One of the conferences was for the purpose of preventing Prof. Burke from returning to Frankfort. One of his neighbors said it was reported that all the Republican state officers would be arrested before the final decision of the courts was rendered next week, and while they were under arrest, the Democratic contestants would move under guard from the Capitol hotel at Frankfort into the state buildings. Burke replied to his friends that he would return to Frankfort Monday. There is also much feeling here over the arrest of Henry E. Youtsey, the private secretary of Auditor of State Sweeney, at Frankfort, last Tuesday. Youtsey was an attorney here before he went to Frankfort. He is a half brother of L. J. Crawford, ex-president of the National League of Republican Clubs.

### Goes on a Sad Mission.

BOWLING GREEN, Ky., March 29.—Governor W. S. Taylor arrived here to-night from Louisville, en route to his old home at Morgantown. In Butler county, to attend the funeral of his sister, Mrs. Mary Ronch. Three weeks ago he was called from Frankfort on a similar mission, his elder brother having died.

Governor Taylor will go to Louisville Sunday, to be present Monday at the argument before the court of appeals, which meets there then to consider the cases growing out of the contest for governor.

## YOUTLEY CAN HANG TAYLOR And Destroy the Republican Party, Says a Goebel Enthusiast.

LEXINGTON, Ky., March 29.—The Morning Herald, of this city, will print to-morrow, the following special from Winchester, Ky.:

"If Youtsey will tell what I think he knows, he can hang Taylor and destroy the Republican party. I feel sure that I can arrange for enough of the appropriation for Youtsey to make him and his wife comfortable for the rest of their lives. Culton is going to confess in the morning, and Youtsey had better get in while he can. The money is going and he might as well have his share."

The above is what James Andrew Scott, said at the Reese House Monday night. He was addressing N. H. Witherspoon and Judge C. S. French, respectively brother-in-law and father-in-law of Youtsey. Scott had telephoned Witherspoon in the early afternoon "Meet me at the Reese House, on the quiet," and he had been promptly met. Judge French was later called, as the head of the family, who should be consulted in a matter of such importance.

The party stayed in consultation until midnight, Scott insisting that Youtsey should confess and make himself rich, while the others listened passively and then replied:

"Youtsey has told all he knows and can say nothing more."

### Will Establish Joint Agency.

PHILADELPHIA, March 29.—The Philadelphia railroad will establish a joint agency in this city during the week the Republican national convention meets

here for the purpose of extending the time upon tickets as well as the dissemination of information. Some idea of the importance of such a joint passenger agency can be gleaned from the fact that during the G. A. R. encampment here last September 125,000 tickets were handled and the additional revenue received, which was subsequently divided among the various railroads, aggregated \$50,000.

## LIKE LIGHTNING

Speeds the Train Carrying Director Peacock That He May Attend the Meeting of Carnegie Steel Co.

DENVER, Col., March 29.—With a special train rushing across the continent the Santa Fe is trying to break its Nellie Ely and all other records in order that A. R. Peacock, one of the directors of the Carnegie Steel Company, may arrive in Pittsburgh in time to attend the annual meeting of the directors at noon, on Saturday. The train left Los Angeles at 10 o'clock on Tuesday night, and passed through La Junta at 11:30 last night, making the run of 1,255 miles in twenty-four and one-half hours.

The special stopped at La Junta just long enough to change engines, made the run to Dodge City, Kas., 203 miles, in 193 minutes, reaching that point at 3:12 this morning. The next spurt was to Newton, a distance of 167 miles, which was made in 163 minutes, reaching that station at 7:15, making over seventy miles an hour in spurts on the run, where the conditions favored such speed.

KANSAS CITY, March 29.—The Santa Fe special train, on which A. R. Peacock is speeding eastward, reached Argentine, a suburb of Kansas City, ten minutes before noon to-day and at 12:08 pulled out for Chicago. The actual running time between Dodge City and Emporia, Kas., 241 miles, deducting stops for water and fuel, was 242 minutes. The run from La Junta, Col., to Emporia, 443 miles, was made in 444 minutes, actual running time.

CHICAGO, March 29.—From Los Angeles, Cal., to Chicago, a distance of 2,265 miles in 58 hours and 30 minutes. This is the record hung up by the Atchison, Topeka & Santa Fe to-night, when the "Peacock Special" pulled into the Chicago depot at 10:30 o'clock.

All records for the run were beaten by nearly eight hours. An hour after the arrival of the train A. R. Peacock, vice president of the Carnegie Steel Company, boarded a Pennsylvania train eleven hours earlier than he expected. The trip from the coast here cost Mr. Peacock \$4,000. For the entire distance an average speed of 33.9 miles was maintained.

## CARNEGIE NOT THERE.

Frick Arrives at His Destination, but Does Not Find His Former Partner.

ATLANTIC CITY, N. J., March 29.—H. C. Frick, of the Carnegie Steel Company, arrived here about noon today in his private car, accompanied by his wife and daughter Helen. It was believed that he would be accompanied by a number of his business associates and friends, owing to the current statement that while visiting the resort for his own as well as his wife's health, he and his friends were to meet Andrew Carnegie and arrange for a final settlement of the difficulties which have separated them. Inquiry at the leading hotels fails to sustain the report that Carnegie is coming, as no rooms have been secured nor has any correspondence been held as regard to apartments.

Otis, United States volunteers, with headquarters in the city of Manila, who, in addition to the command of the troops in the division, will continue to exercise the authority of military governor of the islands, the division to be composed of the following departments:

Department of Northern Luzon, to include all that part of the island of Luzon north of the provinces of Manila, Morong and Infanta, the same being the provinces of Abra, Benguet, Benguet, Bataan, Bulacan, Cagayan, Ilocos Norte, Ilocos Sur, La Isabella de Luzon, Lepanto, La Union, Nueva Vizcaya, Nueva Ecija, Principe, Pangasinan, Pampanga, Tarlac and Zambales, and all the islands in the Philippine archipelago north of Manila bay and the provinces above described. Major General Arthur MacArthur, United States volunteers, is assigned to the command of this department.

Department of Southern Luzon, to include all the remaining part of the island of Luzon, the same including the following provinces: Albay, Batangas, Camarines Norte, Camarines Sur, Cavite, Infanta, La Laguna, Manila and Morong; and all islands of the Philippine archipelago which lie south of the south line of the department of Northern Luzon as above described, including the island of Polillo, and north of a line passing southwardly through West Pass of Apo to the 12th parallel of North latitude; thence easterly along said parallel to 124 degrees 10 east of Greenwich, but including the entire island of Masbate; thence northerly through San Bernardino straits. Major General John C. Bates, United States volunteers, is assigned to the command of this department.

Department of the Visayas, to include all islands south of the southern line of the department of Southern Luzon and east of longitude 121 degrees 45 east of Greenwich and north of the ninth parallel of latitude, excepting the island of Mindanao and all islands east of the straits of Suragao. By command of Major General Miles, H. C. CORBIN, Adjutant General.

## SPANISH RESIDENTS

In the Philippines Have Six Months Longer to Decide Whether to Become Subjects of America.

WASHINGTON, D. C., March 29.—Secretary Hay and the Duke d'Arcos, the Spanish minister, to-day signed a protocol extending for six months the period of time allowed Spanish residents in the Philippine islands to elect whether they shall remain Spanish subjects or surrender their allegiance and adopt the nationality of the territory in which they reside. The article in the Paris treaty bearing on this subject, allowed the Spanish residents one year from the date of the exchange of ratifications of the treaty, within which to make their choice. That period expires on the 11th of next month.

The extension arrived for does not apply to Cuba or Puerto Rico. It is confined in operation to the Philippines for the reason that conditions in the archipelago have been so unsettled as to warrant the Spanish residents in hesitating to make an election in this important matter. Many important towns in Luzon, where Spanish subjects reside, are as yet without American garrisons and the assertion of American sovereignty over them has been rather technical than practical, while on many of the Philippine islands no American troops or representatives of the American government have ever landed. These considerations are deemed sufficient to warrant the extension to the Spanish residents of more time in which to make up their mind as to their future. It may be, too, that the Spanish residents in these islands desire to avoid making a choice until there has been some authoritative and final determination in the United States of the exact status of citizens in the insular possessions of the United States.

## SOLDIERS' HOME OPEN

To Veterans of the Spanish War. Army Appropriation Bill Passed. War Department Defended.

WASHINGTON, March 29.—After four days of stormy debate, the house today passed the army appropriation bill. As passed, the bill is only slightly modified from the form in which it came from the committee. One of the last amendments adopted opens the soldiers' homes to the officers and men of the volunteer and regular armies incapacitated by service during or since the Spanish war.

The chief incident of the day was a defense of the war department against the charge of reckless extravagance in the fitting up of the transport Sumner, made by Mr. Driggs, of New York, yesterday. Mr. Parker (N. J.), produced the itemized expenses furnished by the war department, to show that there has been no extravagance. Without opposition the house confirmed Mr. Boreing's title to his seat. His seat was contested by Mr. White, another Republican, and the report of the committee that investigated the case was unanimously in favor of the sitting member.

### Beveridge's Speech a Feature.

WASHINGTON, March 29.—A direct vote was taken by the senate to-day on the proposition to strike from the Puerto Rican measure the provision levying 15 per cent of the Dingley law duties on Puerto Rican products. The proposition was defeated by a vote of 16 to 33. While the vote is regarded as precluding the passage of the pending measure, it is not regarded as indicating the final vote on the bill.

The feature of the debate to-day was the speech of Mr. Beveridge (Ind.). While he advocated reciprocity between the United States and Puerto Rico he announced that if all efforts to secure free trade should fail he would support the pending bill. The bill was under discussion throughout the session, several important amendments being agreed to.

### SENATOR SCOTT ACCEPTS.

### SOLDIERS WILL NOT LEAVE

Cuba Until After Election Is the Order of Secretary Root.

WASHINGTON, D. C., March 29.—Secretary Root said to-day that he had not changed his mind as to the possibility of safety reducing the number of American soldiers in Cuba. But the postponement of the Cuban elections for at least a month beyond the date originally fixed had made it advisable to delay correspondingly the diminution of the garrisons so that it might be well into the summer before the contemplated reductions could be made. The existence of a quarantine in Florida at that time would not prevent the movement of troops northward as they could be landed without much delay at almost any point north of the Carolinas.

### Marlatt Attacks Warden Coffin.

COLUMBUS, O., March 29.—Warden Coffin, of the Ohio penitentiary, had an exciting encounter with Ira Marlatt, the prison demon, to-day. Marlatt cursed the warden because the latter had released another inmate of the "demon's cage" and refused to release him. The warden attempted to silence Marlatt, whereupon the prisoner seized a mace which the warden held, and made a vicious assault upon the officer. The warden finally felled Marlatt and held him until assistance arrived. The warden's injuries consisted of a slight scalp wound caused by the mace and a discolored eye.

The applications for passage of thirty-five persons had to be refused.

## THE BOERS ARE READY FOR ROBERTS.

Concentrating About Fifteen Miles North of Bloemfontein in Rear of Glen.

## LORD METHUEN RETURNS

To Kimberley by Orders From His Superior—Mounted Police Harassing Burghers.

LONDON, March 29, 4 a. m.—The Boers are concentrating in force about fifteen miles north of Bloemfontein, in the rear of Glen and Lord Roberts is sending forward troops to engage them. The Seventh infantry division and part of General French's cavalry have been sent up to join the Twelfth brigade and the two cavalry regiments that are holding Glen and its environs.

It does not seem probable that the Boers will give serious battle in the fairly open country north of Glen. Still, their evident strength indicates more than a corps of observation.

In small affairs the Boers are daringly aggressive in all parts of the field of war. The Johannesburg mounted police, esteemed by the Boers to be their best commando, are raiding the country near Bloemfontein, harassing the farmers who have given up their arms to the British and carrying off cattle.

There is a Boer report from Natal that a Russian soldier of fortune, Col. Ganotzki, with a hundred horsemen, is operating close to the British outposts on the western border.

The Boers have reoccupied Campbell and are in strength near Taungs and Barkly West.

They shelled the British camp at Warrenton Wednesday, but moved out of range that night. Yesterday (Thursday) two British guns enfiladed the Boer trenches, quieting their Mausers.

Lord Methuen and the forces that had been operating in the Barkly district have been recalled to Kimberley by Lord Roberts. No explanation has been given for this, but the mounted troops are dissatisfied at having been ordered back.

The Boers and disloyalists at Kenhardt have been dispersed and caused to retreat. General Parsons is about to enter the town unopposed.

Lord Roberts is making extensive arrangements to police and safeguard all the Free State towns in the territory occupied.

Dispatches from Maseru assert that the Boers who returned to Ladybrand from Clocan have taken up strong positions and sent pickets far in every direction to watch Basutoiland, in the expectation that part of General Buller's army will invade the Free State on that side.

According to Pretoria advices, Mafeking was bombarded for seven hours on Tuesday.

It is reported in London in a well informed quarter, that Lord Kitchener will be offered the post of commander in chief in India, succeeding the late Sir William Lockhart, as soon as decisive successes have been obtained in the Transvaal and that General Sir Archibald Hunter will succeed him as General Roberts' chief of staff. Indian newspapers have been urging Kitchener's appointment.

### Kruger in a Boasting Mood.

LONDON, March 30.—The Bloemfontein correspondent of the Morning Post telegraphing Wednesday, says:

"President Kruger boasts his intention to re-take Bloemfontein within a week and it appears probable that the Boers are advancing in force southward."

KIMBERLEY, Wednesday, March 28.—Lord Methuen has returned to Kimberley from the Barkly district. The mounted troops under him are expected to-morrow. They were at Likatlong when they received the order from Lord Roberts to return here.

It is reported that the Boers have re-occupied Campbell and that they are in strong force near Warrenton, Barkly West and Taungs.

LONDON, March 30.—A dispatch to the Daily Chronicle from Bloemfontein, dated March 28, says:

"The Boers are active north of Glen, about fifteen miles from here. It is reported that they are concentrating in considerable force.

"Reinforcements of all arms are being sent up from Bloemfontein, including the seventh division and a portion of General French's cavalry.

"The Johannesburg mounted police are still raiding cattle and harassing the disarmed burghers who are returning to their farms."

### Tommy Atkins Well Cared For.

LONDON, March 29.—Sir William MacCormack, president of the Royal College of Surgeons, who recently returned from South Africa, describes in the Lancet a visit which he paid to the American hospital ship Maine, February 14, over which Major Cabell conducted him. He says:

"Everything that could be desired for the comfort of the wounded, both from a surgical and a nursing standpoint is to be found in this vessel. Unfortunately the ship itself is not what could be described as suitable for a hospital ship. The upper deck is good, but on the lower deck most of the ventilation has to be carried by electric fans.

"Lady Randolph Churchill, personally, is indefatigable in her attention and kindness to the patients, as are

also the entire surgical and nursing staff. Luxuries in the way of food, drink and clothing of every variety abound. Practically there is nothing which 'Tommy' asks for which he is unable to get. No word could be too good for the personnel, equipment and devoted care bestowed on the patients."

### Joubert Ill But a Few Days.

PRETORIA, March 28.—General Joubert was taken ill Sunday morning. He was at his office the previous day. He suffered great pain, but became unconscious some time before death. The complaint was acute inflammation of the bowels. The body will lie in state to-morrow and will then be taken by special train to the farm at Rustfontein, near Wakkerstroom, where it will be buried quietly, as Joubert often requested, and without military honors. Michael Davitt has gone to Kroonstadt.

### Aguinaldo at a Grand Masked Ball.

MINNEAPOLIS, Minn., March 29.—A Times special from Tacoma, Wash., says: Captain Conradi, of the transport Garonne, which arrived last night from Manila, reports that Aguinaldo, according to reports current there, is able to visit Manila in disguise almost as often as he wishes. How this is accomplished no one seems to know, but it is known positively that he attended a grand masked ball at Manila, on New Year's night, and has been seen there several times since. He is heard from occasionally as being first in one place and then in another.

### Congressman and Consul Fight.

TERRA HAUTE, Ind., March 29.—A fight on the street occurred to-day between Congressman George W. Faris and H. C. Pugh, ex-United States consul to Palermo, growing out of the manner of the withdrawal of the congressman from the race for re-nomination. The congressman was knocked down and badly bruised, but was not seriously injured.
